## DR. YAZELL WILL BE CANDIDATE FOR CON- GRESSIONAL HONORS

Mason County's Representative Will Seek His Party's Endorsement for Congressmen From the Ninth Congressional District.

Dr. W. S. Yazell, prominent local physician and Mason county's representative in the Kentucky General Assembly, announced while here Sunday that he expected to be a candidate for the Republican nomination for Congressman from the Ninth Congressional District. His formal announcement will be made immediately upon the adjournment of the General Assembly.

Dr. Yazell has demonstrated his ability as a law maker in the present session of the Legislature and as a leader he has been signally recognized by his party in the state. His advice and counsel has been sought in the conference of the Republican leaders at Frankfort since he took his seat in the lower house and his influence has been felt at Frankfort as the influence of few men has been felt during this session.

More than a month ago the Republican Representatives and Senators of the counties composing the Ninth Congressional District, in caucus at Frankfort, unanimously endorsed Dr. Yazell for the Republican nomination for Congress and the leaders of his party in this district since that time have been urging him to make the race. Dr. Yazell is engaged in a very busy practice in Mayesville and it was for many weeks that he could not decide to sacrifice his practice for a seat in the National Congress. Through his close association with affairs of state at Frankfort during the past two months, however, he has become very much interested in legislative matters and is of the opinion that he can well serve his district at Washington and has finally decided to make the race.

Dr. Yazell's ability, his influence with leaders of the district and the popularity he has gained through legislative legislation fostered by him and enacted by the General Assembly of the state, all go to make him a very formidable candidate for this high honor.

Speaking of his ability and his influence at Frankfort, "The Republican" a weekly newspaper published at Frankfort, last week said: "Dr. W. S. Yazell, Representative from Mason county, is one of the best speakers on the floor of the Legislature. Dr. Yazell is being urged by leaders to make the race for Congress in the Ninth District and he is Congressional timber too."

## GREAT REDUCTION SALE OF MEN'S WEAR ANNOUNCED

Popular Local Clothing Store Will Create Quite a Sensation When Their Big Sale Starts.

In another part of this issue the Squires-Brady Company, prominent local men's clothing dealers, announce the inauguration of a big money-saving sale on Wednesday of this week. This big sale is in charge of an experienced sales manager and the store is closed today while arrangements of the stock is being made for the great sale.

Everything in the big store has been marked down at greatly reduced prices and this, too, in face of the prediction by the tailoring authorities of the country that men's clothing is to be higher this year than ever before in the history of the country. There is no reason to believe that men's clothing will be any lower and yet this big store is offering great price reductions.

Thinking men of this section are certainly going to take advantage of the wonderful bargains offered in this sale which will begin in full blast on Wednesday. Read the advertisement today and then keep posted by watching this firm's announcements from day to day.

## COLD MORNING.

This was an unusually cold morning in these parts. Reports of the severe cold spell vary from various parts of the county. The government thermometer in Mayesville registered nine above zero at 7 o'clock this morning while in some parts the mercury touched the zero point.

## COMMERCE STREET

### HOME IS SOLD.

Mr. William C. Sidwell has purchased of the Cochran estate the southern half of the double brick residences at Commerce and Third streets and with the family of his sister, Mrs. John L. Chamberlain, will move to the new home in the immediate future.

## PURDIN-WILSON.

Mr. Theodore Wilson, aged 18, and Miss Edna Purdin, aged 19, both of West Union, Ohio, were married at the County Clerk's office Saturday afternoon late by County Judge H. P. Purnell.

## QUARTERLY COURT.

The Mason Quarterly court is in session today and County Judge Purnell is hearing several rather important cases. Quite a number of judgments have been given during the day.

## COUNTY BOARD OF TAX SUPERVISORS BEGAN WORK TODAY

Very Little Work To Be Done By the County Tax Board This Year—Town Lots To Be Increased \$325,000—Board Has Six Members.

Mason county's board of tax supervisors for the year 1921 as appointed some time ago by County Judge H. P. Purnell, assembled at the court house this morning, took the oath of office and entered immediately upon their duties of equalizing the taxation of Mason county as returned by County Tax Commissioner Brady.

The members of the board for this year are Messrs. James Holton, Dover; R. T. Watson, Murphysville; Charles Owens, Helena; Thomas Morris, Plumville; James Wallace, Mayesville, and A. P. Lukins, representing Mayslick and Washington. The board organized this morning by electing Mr. Holton as chairman and Deputy County Clerk A. F. Wood as Secretary. They immediately began going over the assessments taking prenote by prenote.

The only change this board will be required to make, according to the State Tax Commission, to make Mason county's assessment acceptable to the State Board is to increase town lots \$325,000. The city of Mayesville will bear the most of this increase.

After a careful equalization of all taxes in the county, this board will adjourn and notify all those property owners whose assessment has been increased. This board will then hold a five days' session when they will hear complaints of those increased.

Mason county is indeed fortunate this year in having a board of supervisors composed of high class gentlemen representing the county well and every land owner can feel certain that he will receive a fair deal at their hands.

## HIGH SCHOOL OPERETTA.

On Tuesday evening, March 9th, the Music Department of the High School will give its annual musical entertainment under the title of "The Maid and the Midway." This is a catchy operetta written by George Lowell Tracy which has been popular in the east for the last year. There are a number of solos and choruses that displays the training of the Glee Clubs. Mrs. Alfred Peed is supervising some beautiful dances rendered by little girls in exquisite costumes.

The entire performance is high class from start to finish and one that all patrons of the school and citizens in general, who are interested in music can ill afford to miss.

Get your tickets from the Standard Drug Company and the pupils that are selling. Have them reserved free. On sale Saturday, Monday and Tuesday. Admission 30 cents and 50 cents.

## ALL PRESENT SCHOOL BOARD MEMBERS WILL RETIRE.

There seems to be some misunderstanding about the effect of the Yazell school bill on the local Board of Education. The Public Ledger stated that six members of the present board of education would be required to step down before their time expired and this seemed to convey the impression to some that the other six members would remain on the board. This is not the case as the terms of the other six members will expire in 1922 and in the election in November 1921 a complete new board will be elected but this new board will consist of only six members.

## FEDERAL COURT OPENS TODAY AT FRANKFORT.

Judge A. M. J. Cochran left this morning for Frankfort where today he opens the regular term of the Federal Court. A naturalization examiner will be in Frankfort today. Soldiers in the late war who were not naturalized can appear before this examiner and by exhibiting their discharge papers and documents or witnesses to identify them, may secure naturalization papers with less "red tape" it is stated, than at any other time.

## FRIDAY IS LAST DAY FOR FILING SUITS.

Friday of this week is the last day for filing suits for the March term of the Mason Circuit Court. Court will open for the new term on Monday, March 22, and there is quite a large criminal docket for this time as well as a good sized civil docket, however the civil cases are not of very great importance. The March term, commonly called the "Spring term" is usually the busiest season of court during the entire year.

Miss Marguerite Hukill, of Cincinnati, is visiting Miss Elizabeth G. Harbour for a few days. Last night at the First Presbyterian church she delighted all by her singing of a couple of sacred songs. Miss Hukill was here a few years ago at the church centennial. She is a great favorite as a soloist.

## LARGEST BUILDINGS IN CATLETTSBURG BURNED

Fire Wipes Out Business District of City; Gas Main Breaks Causing Schools To Close.

Catlettsburg, Ky., Mar. 8.—A block in the center of Catlettsburg was wiped out by fire this morning. The Alger House, the oldest hotel in this end of the state, built by the late Daniel Eba, was burned to the ground. The Big Sandy grocery store, the Hampton grocery store, the largest business houses in the town, were destroyed, with other smaller buildings.

The loss is estimated at \$500,000 with little insurance. Assistance was summoned by the local fire department from Huntington, W. Va., and Ashland, Ky. Owing to a leak which was caused in the gas main by the fire, the gas supply of the city was shut off and all schools are closed down and business is at a standstill.

## GRAND RUSH TO TO FILE INCOME RETURNS.

This is the last week for the filing of income tax returns and, as was the case last year, it is expected that things will be quite lively about government building all week. Arrangements have been made to have special deputy revenue collectors at the local revenue office for the purpose of assisting in the filing of these returns.

## DEATH NEAR BLUEBELLS.

Mrs. George Barnett, died at her home at Snow Hill, near Bluebells Saturday following a lingering illness. The funeral was held from the home Sunday afternoon with services by Rev. W. H. Morris, of the Forest Avenue M. E. church and burial was made in the Mt. Pisgah cemetery.

## YOUNG MURKINSVILLE MAN VICTIM OF PLAGUE.

Logan Johnson, 17 year old son of Mr. and Mrs. Newton Johnson, died at the home of his parents near Murphysville late Sunday after a lingering illness of tuberculosis. Funeral will be held Tuesday morning at 11 o'clock and burial will be made at Shannon.

## BURIED SUNDAY.

Dwight Arthur, aged 63 years, died at his home in the Bernard neighborhood late Saturday after a long illness of tuberculosis. Burial was made Sunday afternoon in the Stone Lick cemetery.

Mr. R. G. Knox, local undertaker, was able to be out today after a narrow escape from pneumonia. Mr. Knox was taken ill with influenza some time ago but came out too soon and suffered a relapse.

Mr. T. J. Wood, of Mt. Olive, Robertson county's popular Circuit Clerk, was in Mayesville today on business.

Mrs. Charles A. Kirk of Dover, spent Sunday with Mr. and Mrs. G. C. Browning of East Second street.

## DISCIPLES MERGE THEIR TWO GREAT STATE CAMPAIGNS

Rev. Homer W. Carpenter, of Richmond, Director of Drive For \$5,500,000 Fund For Next Five Year's Work.

Lexington, Ky., March 8.—At a meeting of the Promotional Committee of the Board of Education and the United Christian Missionary Society, it was decided to merge the Transylvania and College of the Bible campaign into the Disciples World Movement in Kentucky. The Executive Committee of the Transylvania Campaign Committee has agreed to this merger, and a director for the united movement has been appointed. In addition to the members of the Board of Education in Kentucky, the Foreign Christian Missionary Society, the American Christian Missionary Society, the Christian Woman's Board of Missions, the Board of Church Extension, the Board of Ministerial Relief, and the National Benevolent Association will participate in the campaign. Included in the above organizations are the Kentucky Missionary Society, the State Sunday School Association, and the Widows and Orphans Home at Louisville.

The new organization will take over the machinery set up by the Transylvania College campaign, and will enlarge it so as to represent all the interests. A promotional committee for the state, consisting of Mrs. Louise Loos Campbell, H. W. Elliott, J. H. MacNeill, J. S. Hilton, L. D. Cartwright, W. H. Hume Logan, and President R. H. Crossfield, has been appointed.

The organizations included in this new movement will attempt to raise about \$5,500,000 during the next five years, or a little more than one-tenth of the \$60,000,000 agreed upon as the Disciples' goal for the five year period. The promotional committee in Kentucky will likely ask for more than one million dollars this year.

The promotional committee of the Board of Education and the United Christian Missionary Society have selected Rev. Homer W. Carpenter, minister of the First Christian church of Richmond, and a native of Fleming county, as director. He will give all of his time to this work during March, April and May. Mr. Carpenter's popularity among the churches of Kentucky, his wide knowledge of our people in the state, successful experience, and enthusiastic attitude toward the whole task it a guarantee of the success of the movement.

## EXTENSIVE IMPROVEMENTS PROPOSED FOR OPERA HOUSE

Washington Theater Will Have New Seats and Interior Will Be Re-decorated at Close of Season.

Manager T. M. Russell, of the Washington Theater, has been authorized by the Washington Fire Company, owners of the Washington, to make certain extensive improvements in the house at the close of the theatrical season. Mr. Russell today stated that the chief improvements now contemplated by the management of the theater was the installation of new opera chairs all over the building.

The best and most comfortable chairs obtainable will be purchased and installed during the summer months.

Another contemplated improvement is the re-decoration of the interior of the building, which is needing attention badly. This work will probably require considerable time and work cannot begin until during the summer when the theater will be closed for a few weeks for this special purpose.

## SPECIAL NOTICE.

We wish to respectfully advise our many friends in Mayesville as well as the public in general that we have recently equipped a modern up-to-date dry cleaning plant. We have installed this improved machinery with the view of rendering our good friends and the public the most efficient service in the way of dry cleaning and pressing. With the improvements we have made we are in a position to guarantee odorless cleaning. The installation of this improved equipment make us able to compete with the work done in larger cities. The system that we have adopted is the P. P. P. System, (Pep, Punch and Push.)

## NEXT STEP IN WATER PROBLEM MAY BE HEALTH BOARD'S

City Council Not Likely To Offer Any Counter Proposition To Water Company On Filtration Plant At This Time.

The next step in the Mayesville water filtration proposition will be watched with great interest by the citizens of the city. It is not known just now what that next step might be but it is hardly thought that the City Council will be willing to make a counter proposition to the Water Company for the erection of a filtration plant at this time.

City officials, however, are insisting that the Water Company keep their chlorinator operating constantly and the public will await the arrival of next Monday—March 15th when the State Board of Health says they will endeavor to obtain an injunction stopping the Water Company from pumping water through the mains.

Some contend that if such an injunction is granted, and there are many who doubt its being granted, the problem will be finally solved for it will then be necessary either for the Water Company to make plans for a filtration plant or the city will be compelled to seek a forfeit of its mortgage on the company's plant and take it over.

## BOY UNDERGOES OPERATION.

PORT SAYS WOMEN  
LACK MUSIC'S SOUL.

London.—Women are naturally mechanical, therefore no woman is really musical, contended J. Swinburne in an address before the Musical Association in London the other day. "It is commonly believed that women's brains are just like men's and that they can do everything just as well," he said. "The assumption is quite unfounded. Women are nowhere in science, although scientific training has been open to them for more than a generation. The cultivation of music by women hinders the development of the art. One effect of the supposed musical gifts of women is that girls are taught music while boys are neglected in this training."

Mr. Swickhimmer was known as the

Citizens of Maysville who recently

necessary to use hydrant water, are

rejoicing over the prospect of a city-

city-owned and operated by the city.

Nothing should satisfy the citizens of

Maysville but good pure water from

new and up-to-date waterworks lo-

cated some distance east of the city, above

sewerage, for it is a question if even

good filtration could make sewerage

very healthful.

Mrs. Mary Fleming, who has been assisting her brother-in-law, Rev. J. J. Dickey, returned to her home in Flemingsburg Thursday. His sister, Mrs. C. M. Humphrey is still with him. He is making satisfactory progress in recovering his health.

During the past week there has been much changing about of residents of the city but it is now thought that practically all of the moving is done. Many farmers, however, are still moving about and will be until the middle of this month.

The difference between the man who falls and the one who succeeds is simply the difference between missing and grasping opportunity.

"Tomorrow" is altogether too popular a word with some people. They should substitute "Today".

The man who accomplishes anything isn't sitting around finding excuses for not doing things. He is doing the most important thing first whether it pleases him or not. There is no time like the present. Improve it!

### EX-SOLDIER KEPT FROM FIANCE BY FORTY WORDS

World War Veteran Will Quit Country With His Maria If Government Test Holds.

New York. — The United States is going to lose a perfectly good citizen and soldierman pretty soon if Congress doesn't speed up that bill exempting the foreign fiancées of our overseas fighters from the literacy test which now applies to all immigrants entering our ports.

Alfonso Mastroioli of 83 School street, Yonkers (ex-343d field artillery and veteran of the Verdun front.) is so heart-broken over the fact that Maria Iacemini, who has been held at Ellis Island since last November, can't enter the country until she can read forty words, that he said on the island: "That Congress! If it does not quickly pass the law and give Maria to me I will no more be an American citizen. I will go back to Italy with Maria. I love this country. I fought

### PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill. — "I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well." — Mrs. IDA OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### BUILDING CONTRACT

The Maysville Development Company plans the building of a number of houses on its property near Forest Avenue, Maysville, Kentucky. Contractors are invited to submit sealed bids for the erection of from one to thirty of these houses, according to plans and specifications to be obtained on application to the Secretary of the Company. Bids may be submitted to the Secretary up to the hour of opening, Monday, March 15th, at 7 p. m. Construction desired is four room cottage, substantially built of frame or brick. Contractors will be notified within five days of acceptance of their bids. Immediate construction is desired. Bond of ten per cent. of contract price covering contract and guaranteeing completion in from thirty to ninety days according to number of houses in contract will be required.

for it in Franco. But Maria — I love her more than any country!

"Weeks now, and months, I tried to teach my Maria to read. She knows now the alphabet, but words she cannot make out of the letters. When we are together we cannot get our minds on the books. Oh, this big trouble!"

It mattered not that Alfonso, when his sweetheart arrived, offered to put up a \$10,000 bond that she would not become a public charge, and offered also to send her to an American school for a year—the law would not permit her to land unless she could read forty words.

Almost every day since November he tried to drill the art of reading into her pretty head, but he has given her his last lesson, he says. Newspaper dispatches from Washington within the last few days have indicated the possibility of the exemption bill being passed, and that fact brought Alfonso and several other ex-doughboys in the same fix to Ellis Island.

Alfonso and Maria were childhood sweethearts in Tallyosa, Italy. He came here and prospered; then in 1914 went and fought with the Italian army, returning to join the American forces when we entered the war. His record

is excellent, both in civil and military life.

## VOLA-TONIC HAS KEPT ME AT MY DAILY DUTIES

Thirty Years of Toil Finally Broke Down This Woman's System.

For thirty years Mrs. Mary England, 2230 Gilbert avenue, Cincinnati, O., worked hard as a seamstress and, of course, the work finally hurt her health.

"My system all over became weakened and run down," Mrs. England said. "I got so I was very nervous. My stomach was out of order also and I was troubled with constipation."

"I went to the drug store to get something to build me up and my druggist recommended Volat-Tonic. I got a bottle of Volat-Tonic and started taking it."

"I honestly believe that if it hadn't been for Volat-Tonic I wouldn't be working today. Volat-Tonic built up my system and brought back my strength and has kept me on my job."

"The constipation has left me almost entirely since I started taking Volat-Tonic and my nerves are in much better condition also."

"I know Volat-Tonic is an excellent medicine and, in short, I can't praise it enough for what it did for me."

Volat-Tonic, "Builder of Strength," invigorates the entire system and builds up new strength and better health. It is just what thousands of

weakened, run down men and women need.

If you are feeling weak and run down get Volat-Tonic — TODAY! — at J. J. Wood & Son's.
